Nanahoshi means 7 ☆s

So I would translate her full name as
A child with a beautiful heart born under the protection of 7 stars
or, child with a beautiful heart supported by the 7 stars

First version is when you write it in Japanese.
Second is for writing the name in English.

(Useless info
of the day)

七 Kokomi Nanahoshi

^ 7☆ after given name

< 7☆ above given name

^ Did this guy have the
Mitsuko LOVE tattoo
before he met Kokomi
or after?

Did she tell him to get it
just for this?

Is it actual tattoo or a
tattoo sticker?

An image that raised
many questions.
